

Meeting in İzmir, Türkiye

Second Transnational Project Meeting of the Startup Lab project was successfully hosted by EduXperts on June 3–4, 2026, in İzmir, Türkiye. This meeting marked a significant milestone as partners officially finalized Activity 1 by completing the General Assessment Report. It also served as the strategic launchpad for Activity 2, during which the consortium made crucial decisions regarding the training content and approved the technical infrastructure for the upcoming AI-supported online learning platform.

Dissemination Events

Simultaneously, we came together with our target groups by organizing local dissemination meetings in Panevėžys, Aydın, and Goussainville to actively promote our project and its objectives. These events allowed us to share our progress directly with key stakeholders and build a strong foundation for the upcoming phases."
